

HE KILLED THREE.

A Terrell, Tex., Saloon Keeper the Cause of Three Deaths.

He Shot Four Times at a Man on Horseback.

BULLETS HIT OTHERS.

Two Bystanders in Range Were Also Killed.

Murderer Was Hurried from the City for Safety.

TERRELL, Tex., Nov. 21.—F. M. Joyce, proprietor of a saloon in this city, fired four shots at J. W. Ogles, on horseback, last night, one of the shots striking Seaborn Hucab in the neck, breaking it, and almost causing instant death. A second shot struck Buck Scott in the shoulder, ranging downward and coming out at his back. Hucab and Scott, members of the Green Zouaves, were drilling in the streets and happened to be in range of the stray ball.

Ogles was found nearly an hour later in a branch street about a block and a half from the scene of the shooting, dying from a pistol shot which had entered his side and came out at his neck. Joyce was arrested and immediately hurried from the city by Marshal Keller. Bert Hunt, the negro porter in Joyce's saloon, is also under arrest and a pistol was found on his person when arrested.

This is the bloodiest tragedy ever committed in this city.

THE NEW RAILWAY TRUST.

Senator Chandler Declares That the New Agreement is Illegal.

WASHINGTON, Nov. 21.—Speaking of the agreement signed in New York by the officers of the joint traffic association, Senator Chandler, said: "I have not examined the contract in detail. Apparently the railroad managers have been trying during the last six months to modify the agreement so as to avoid appearing to violate the law. Yet it now stands as a trust agreement in restraint of trade and commerce, the making of the rates for every road being committed to the board representing all the roads, so that no road can lower any of its rates to the public without violating the agreement. The provision for fixing each road which may break the agreement, and using the fine for the benefit of the other roads, is an illegal division of earnings. The president, the attorney general and Chairman Morrison can easily defeat the agreement by procuring the indictment of all the signers under both the anti-trust and anti-pooling statutes.

The recital in the agreement that the managers do not intend to violate the interstate commerce law is the meanest subterfuge ever attempted to be imposed upon an intelligent community. The law now explicitly forbids pooling agreements and trusts like this. The whole object of the railroad presidents is to make a trust and a pooling agreement, and it is barefaced effrontery to insert this pretense of a desire to observe the law. I can not add anything to my emphatic utterances concerning this crime to what I have said in my letter to the President and his subordinates. If this gigantic trust can deliberately and definitely trample on national laws, no trust can be suppressed in America."

PREPARING FOR DEFENSE.

Secretary Herbert Pressing Plans for Resisting a Possible Navy Attack.

WASHINGTON, Nov. 21.—Secretary Herbert is pressing vigorously the preparation of plans for the defense of the United States against possible attack by any foreign naval power. Already much has been done by the naval war college in that line during the session just closed, under the secretary's direction, and the program for the next session, which begins June 1, next, at Newport, and runs till October 1, just published, shows that the work is to be carried forward without interruption. The principal problem will be the conduct of naval operations in the Gulf of Mexico by an American naval fleet. Other work will be the construction of a war chart and defense plan of Nantucket sounds and the general strategic consideration of Delaware and Chesapeake bays.

A Bounty on Exports.

WORCESTER, Mass., Nov. 21.—The National Grange spent most of the day considering the Lubin proposition, which calls for a government bounty on all agricultural products exported from the country. This was favored by a minority of the agricultural committee. Finally, the majority report, referring the matter to Congress and the people, was adopted.

Suicide of a Bride.

CALDWELL, Ohio, Nov. 21.—Mrs. Rosa Webb, nee Foster, near Olive Green, a bride of only two days, committed suicide by taking arsenic. She was married to William Webb last Friday night, but the marriage was bitterly opposed by the bride's parents. A family disturbance arose, resulting in Mrs. Webb taking the poisonous drug Sunday evening.

Water at New York City.

NEW YORK, Nov. 21.—The cold wave that has been general throughout the West and Northwest reached here last night. At the weather bureau at 11 o'clock it was said that there had been a drop in temperature from 49 degrees at noon to 32 degrees, freezing point.

No Change of Venue for Meade.

ATCHISON, Kan., Nov. 21.—Judge Webb, of the District court, refused the application of the attorneys for R. C. Meade for a change of venue to Wyandotte county. Meade will be tried in Atchison county this month.

WALLER'S CASE.

France May Pardon Amnesty for All Madagascari Political Prisoners.

WASHINGTON, Nov. 21.—Although the State department absolutely refuses to confirm or deny a report that the French government has refused to furnish it the record of the Waller case some difficulties, it is known, have been encountered in procuring this document. Just what the nature of the trouble is cannot be learned, but it is understood that the application for the record is not regarded by the French government as a matter of right in the United States, and it is assumed that if our application takes more the shape of a request than a demand the necessary documents may be forthcoming. Meanwhile the Waller case itself may be suddenly settled so far as the liberation of Waller is concerned, by the voluntary action of the French government, as word has come here from official sources to the effect that it is contemplated proclaiming amnesty for all political prisoners taken in Madagascar, which would include Waller, unless some special notice be taken of his case and claim.

CROWE PLEADS GUILTY.

Not to Train Robbery, With Which He Is Charged, but to Jail Breaking.

St. Joseph, Mo., Nov. 21.—Train Robber Pat Crowe pleaded guilty to the charge of jail breaking in court yesterday, after he had already entered a plea of not guilty. Sentence cannot be passed on the prisoner until he has had his trial for the crime of train robbery, which is set for December 4. If Crowe is convicted of train robbery, his sentence in the jail breaking case will be only six months in jail, but should he establish his innocence of that crime, he may consider himself lucky if he gets off with less than three years for the offense to which he pleaded guilty.

In an application for a continuance, Crowe laid all the blame for the jail delivery on dead men. He alleged that the locks on the cell doors were sawed by Joe Burries and William Owens, both of whom are in their graves.

Mormons Driven Out.

TAILLASSER, Ill., Nov. 21.—Elders Nebeker and Rogers, who came here on Monday to sow seeds of the Mormon faith, were arrested yesterday. They were charged with being a menace to the peace, dignity and good morals of the city. They offered no defense and were fined \$200, with the alternative of sixty days in jail. The Mayor said that execution of judgment would be held in abeyance for one hour, during which time they would be permitted to leave the city under the escort of the chief of police. They immediately left town, and said they would leave the State.

Choctaws Adopt Extreme Measures.

GUTHRIE, Okla., Nov. 21.—There is great excitement in the Choctaw nation over the final passage of the bill making it treason, punishable by death, to sell land to a non-citizen, to attempt in any way to curtail the powers of the Choctaw government or to prevent or urge a change of government or the allotment of lands or opening of the country to settlement. This law will stop all meetings or conventions in favor of progress or treating with the government, and effectively muzzle the press of that part of the territory.

Steele City Bank in a Bad Way.

STEELE CITY, Neb., Nov. 21.—The more the affairs of the defunct Steele City Bank are investigated the more ugly they appear. It is now generally believed that its president, C. B. Rice, will never return to town, and every piece of property he owned here has been attached. The worst phase of the bank's failure was brought to light when it was discovered that a large number of forged notes had been uttered by the bank's officials and disposed of at a discount to banks at St. Joseph and Kansas City.

Two Years for an Election Fixer.

KANSAS CITY, Mo., Nov. 21.—Wallace G. Miller, clerk for Judge of the Peace Owen W. Krueger, was found guilty in the Criminal court at Independence yesterday of having committed fraud while officiating as judge of election in the Sixth precinct, Second ward, at the election last November. The jury fixed Miller's punishment at two years in the penitentiary. He is the first of the alleged election thieves to receive a penitentiary sentence and the fourth one to be tried.

A Mexican War Veteran Goes.

CHILLICOTHE, Mo., Nov. 21.—Alexander T. Williams, a wealthy farmer and pioneer settler and Mexican war veteran, died yesterday, aged 78. He was one of the 930 Missourians in Colonel A. W. Doniphan's famous regiment that conquered Arizona and New Mexico, and from there fought its way to Buena Vista to reinforce General Zachary Taylor. He was the last survivor but one in Livingston county of his regiment.

Found Hanging to a Tree.

DEXTER, Mo., Nov. 21.—On Sunday night last Robert Worley, a farmer living about twenty miles south of here was called to his door by a man named Early, and three companions, and taken away. Monday his disemboweled body was found hanging to a tree. It appears that Worley and Early had a personal encounter a few days ago and Early was worsted. Early has escaped and his companions are unknown.

Ex-Priest Wagner on Trial.

ST. JOSEPH, Mo., Nov. 21.—Dominic Wagner, the ex-priest of St. Mary's church, is on trial in the Criminal court on the charge of embezzling \$1,500 from the parish. The ex-priest is defended by the best lawyers in the city.

Killed in a Runaway Accident.

SADALIA, Mo., Nov. 21.—William Caton, aged 18 years, was killed here last evening in a runaway accident. He was thrown from a wagon and dragged for several hundred feet, his body being badly mangled.

HE IS STILL SORE.

John Sherman Continues to Talk of the Past.

The Convention of 1888 Left Him Raw Too.

GEN. GARFIELD AGAIN.

Sherman Says He Had No Will Power.

Sec'y Carlisle's Recent Speech Found Fault With.

NEW YORK, Nov. 21.—Senator Sherman of Ohio talked freely yesterday in regard to his recently published book and other matters.

"I would like to read Mr. Platt's answer to what I stated concerning the national convention of 1888," he said, in reply to a question. "The fact is, I desire to know just what his explanation would be. It would be interesting to me. Personally, I have nothing against him, and what I stated in my book was without malice, and merely introduced as a matter of history. I felt that in the history I should tell things as they were, and in a dispassionate way."

The Senator stated that he had met ex-President Harrison and Warner Miller and had had pleasant chats with them. He added that Mr. Miller came to his room and they talked over many of the incidents of the convention of 1888. Mr. Miller's recollection of events tallied with the Senator's.

"The New York delegation," added the Senator, "had a banquet on the Saturday before the convention of 1888, and after Senator Miller had made a speech, they all agreed to support me. I received a telegram to that effect. Sunday intervened and in the meantime Elkins and other friends of Harrison got Mr. Platt to agree to vote for him on the first ballot Monday. The result is known. I have no charges to make against ex-President Harrison and our relations are pleasant. Whatever bargains or promises his friends might have made, he did not sanction, because he absolutely refused to support Mr. Platt, secretary of the treasury. Promises may have been made in regard to Federal patronage in this State and that I do not criticize. Mr. Platt's men, I believe, received prominence, notably the co-leadership of the academy. Mr. Platt's ambition seems to be to hold the portfolio of the secretary of the treasury."

In regard to the national convention of 1880, when Garfield was nominated, he said that when he saw the drift was for Garfield he telegraphed to his friends to swing the Ohio delegation for him.

"Garfield was an able and brilliant man in some respects," he continued. "But he did not have strong will power. He permitted men of stronger will to influence him."

The Senator then turned his attention to Secretary Carlisle's speech. The basic error of the speech, he maintained, was the Secretary's idea that legal tenders could be done away with entirely, which he could not do. He said this in substance: The great mistake was in the way the Democratic administration had tampered with the gold reserve. It should have issued short bonds of five years' duration, which the people here would have taken up quickly at three per cent, and with this paid the expenses of the government instead of trenching on the gold reserve. The short bonds, of course, would have been paid for in legal tender. Instead of doing this the administration had permitted domestic and foreign bankers to clear \$11,000,000 by selling bonds for gold at four per cent. Carlisle's plan of Tuesday night was impracticable. There are 3,000 national banks and it would not do, in order to have currency, to take the gold out of the United States treasury and scatter it around in these banks to redeem money that had been issued by these banks."

Indiana Republicans.

INDIANAPOLIS, Ind., Nov. 21.—The Republican meeting yesterday was the largest ever held by the leaders of the party in this State in an off year. The meeting was called for the purpose of holding a conference and allowing the candidates to push their individual claims for office. With the understanding that Harrison is a candidate and the expectation that he will be the nominee, there is a horde of candidates for the several positions. Nineteen candidates for governor head the list. The fight for the State chairmanship is between J. K. Gowdy, the present chairman, and E. H. Nebeker, who was United States Treasurer in Harrison. As he is close to Harrison his friends claim his election.

Married a Convict.

PADUCAH, Ky., Nov. 21.—Kayton L. Skinner and Annie B. Curry, daughter of the warden of the State prison at Paducah, have been married under peculiar circumstances. Skinner was received in 1892 for killing Martin Higwood and came to the State prison. The warden's daughter nursed him and interceded after his recovery with Governor Brown for a pardon, after which the couple eloped to St. Louis. Warden and Mrs. C. L. Curry have forgiven them and they will return to Kentucky.

Searching for His Daughter.

SADALIA, Mo., Nov. 21.—C. N. Throuvenel, a prominent farmer, who resides near Boyler's Mill, Benton county, arrived in the city yesterday in search of his pretty 16-year-old daughter Rosa, who ran away from home with Fred Christman, a negro, last Saturday night. No clue to the elopers has been obtained.

Boston Is Freezing Up.

BOSTON, Nov. 21.—The advance guard of the approaching cold wave reached Boston last night. Snow began falling at 11 o'clock.

SOVEREIGN RESIGNS.

By a Unanimous Vote the Resignation Is Not Accepted.

WASHINGTON, Nov. 21.—The elements of the Knights of Labor represented by the international Socialists, which caused the downfall of General Master Workman Powderly a couple of years ago, endeavored to precipitate another crisis in the secret meeting of the general assembly of the Knights of Labor here yesterday. The representatives of District assembly 49 of New York presented charges against General Master Workman J. R. Sovereign to the effect that his administration is not in line with the best interests of labor and that he and his officers have compromised with capitalists. Mr. Sovereign defended himself warmly and at the close of his speech tendered his resignation.

General Worthy Foreman Bishop, who was in the chair sustained a point of order that a verbal resignation could not be received. The friends of the administration appealed. By an almost unanimous vote the assembly refused to accept the resignation and adopted a vote of confidence in Mr. Sovereign and the other general officers. The New Yorkers from No. 49 refused to vote.

SUGAR PLANTERS WARNED.

Buildings and Plantations Will Be Destroyed Unless They Suspend.

WASHINGTON, Nov. 21.—It is understood that an order, of which the following is a translation, has been issued from insurgent headquarters in Cuba:

To the Sugar Manufacturers, Cane Planters and Proprietors of This Zone: First—The buildings and cane fields of all plantations will be considered and respected provided no work is given to any abject and laborer, nor the operations of grinding commenced, and when there are no fortifications nor forces located in the same for their protection.

A term of ten days, to expire on the 1st inst., is hereby granted for the suspension of all works, if commenced, the destruction of the fortifications which may exist, and the withdrawal of troops, if any, from same.

Those who contravene this order will be severely punished, and their buildings and cane fields reduced to ashes.

Sons of Herman Election.

WICHITA, Kan., Nov. 21.—William Meyer, the man who was recently constructively jailed by Police Judge Tucker for refusing to taste a glass of beer in open court and to testify to its intoxicating quality, was unanimously elected grand president of the Sons of Herman for the ensuing year for this State. Other officers elected are: Joseph Hahn, Leavenworth, grand vice president; Ernest Lang, Marysville, grand second vice president; Christ States, of Topeka, grand secretary; August Hohn, Marysville, grand treasurer; J. H. Conradi, Leavenworth, F. Kahle, Marysville, and H. Schwarzing, Topeka, trustees.

Three Left Out of a Thousand.

LONDON, Nov. 21.—A dispatch to the Times from Odessa says it is stated from Kars, which is located on the Arpa-Chai river, 100 miles northeast of Erezoum, that the Russian frontier guard had killed or captured numerous Kurds who have been engaged in pursuing Armenians trying to escape. Three Armenians who have just arrived at Kars state that they are survivors of an Armenian village which numbered several thousand inhabitants before the massacre.

Marie Jansen Leads a Strike.

NEW YORK, Nov. 21.—Marie Jansen led in a strike at the Garrick theater last night. The members of the Mercury Countess company claim that they have not been paid for the past month or more. The owners of the company, Miss Jansen claims, promised to pay back salaries last night, but they failed to appear at the theater and the strike resulted. No performance was given.

Took Them All In.

WICHITA, Kan., Nov. 21.—Last night at a special meeting the Mystic Brotherhood, the newly born secret organization having for its object the overthrow of prohibition, took into full fellowship all the delegates of the State to the grand lodge meeting of the Sons of Herman, thus giving each delegate full authority to institute similar lodges of the Brotherhood in his county. This will bring the new organization in every county in the State.

Olney Wants to Help.

LONDON, Nov. 21.—The Chronicle expresses the opinion that the presence of the United States Ambassador at the foreign office indicates a desire on the part of the United States government to join in the European concern for the suppression of the present Armenian difficulty, and as assisting in the restoration of peace in the Turkish Empire.

Shot by a Faro Dealer.

OKLAHOMA CITY, Okla., Nov. 21.—Farris Cox, a faro dealer, shot Al Wagner, a well known sporting man, in the Turf saloon in this city last night. The shot took effect in Wagner's left shoulder, coming out of his mouth, and it is believed it will prove fatal.

Minneapolis Ordered to Turkey.

WASHINGTON, Nov. 21.—The United States Steamship Minneapolis has been ordered to join the European squadron immediately, doubtless on account of the Turkish situation.

IS RICH IN GOLD.

The Cripple Creek District Produces a Million a Month.

Increased Outputs Shows a Return of Gold Fever.

RICHEST IN WORLD.

Senator Teller Says Colorado Has Greatest Producing Field.

Most of the Mines Are Yet Undeveloped.

CHICAGO, Nov. 21.—The Times-Herald this morning devotes two columns to a carefully prepared report on Cripple Creek and the gold fields of Colorado. It says in part:

A million a month. This is the precious metal product of the Cripple Creek district, and this figure, big as it seems is inside, rather than beyond the monthly gold output, a conservative rather than a liberal statement. The shipments for October were 14,800 tons of smelting ore of an average value of \$65, and 9,000 tons of milling ore ranging from \$8 to \$35 per ton, with an average of \$15.

The total value of high grade ores for October was \$962,000 and of the low grade ores \$102,000. The grand total of the product reaches \$1,064,000. The record for November will show an increase. For the first fifteen days of November the shipments of high grade ores to the smelters have averaged 350 tons daily over the Colorado Midland and 250 tons daily over the Denver & Rio Grande railroad.

These ores, held up to the October average of \$65 per ton and returned to the shippers in gross \$385,000. The low grade ores averaged higher. Figuring freight, milling fees and mining the extraction of gold from \$8 ore means a loss of \$3 to \$6 per ton to the producer.

November's low grade ore has averaged \$20 to the ton. Of this class 250 tons daily have been moved making for the first half of the month a value of \$150,000. If the tonnage continues for the remainder of the month the gross product will be \$1,320,000.

The original discovery of gold in Cripple Creek, or perhaps the discoveries which led to the present development would fit the case better, were made in 1890. The Creek country was then known as Pisgah park and was regarded as fitted for stock raising purposes only.

It is asserted by the miners that this country, containing 24 square miles, contains more riches than any other region in the world. There is some basis for this assertion. Of the many claims staked out hundreds are held by the assessment work only. The owners lack funds to develop or hold their claims for speculative purposes. It is probable that fewer than one hundred mines are regular shippers of ore, and perhaps half the number are dividend payers.

One may count on his fingers the companies and private owners whose shafts and tunnels are deeper than 200 feet. The production thus far has been wholly superficial and incidental only to the search for the principal veins. As the work on the leads progresses the ore becomes richer. The value is almost susceptible of exact calculation when the original assay at the surface and the depth of the shaft is known.

Senator Teller, who was here last week, left his indorsement on the Cripple Creek country. As is known he is an ancient and practical miner. His views on silver do not seem to bias or warp his judgment on gold ore. "It is the greatest gold producing section in the world," he said. "I am glad Colorado has it, and I hope her capitalists will be able to retain it."

RATHER THAN TAMMANY.

Dr. John F. Peters Would Prefer Sunday Opening of Saloons.

NEW YORK, Nov. 21.—Dr. John F. Peters, rector of St. Michael's church, Amsterdam avenue and Ninety-ninth street, spoke yesterday on temperance and the excise law.

"The enforcement of our excise law on Sunday," he said, "has clearly had a considerable effect in decreasing crime, but it has aroused the opposition of those who think their personal liberty is interfered with. The law is much at fault. It would be better to have a law permitting the Sunday opening of saloons than a continuous of law violation."

"In this city the conditions were peculiarly bad before the present administration. Blackmail was carried on to an almost incredible extent."

"Rather than go back to the conditions under a Tammany administration, it would be better to have a law permitting all saloons to be open."

Four Big Successes.

Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for consumption, Coughs and Colds, each bottle guaranteed—Electric Bitters, the great remedy for Liver, Stomach and Kidneys, Bucklen's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. All these remedies are guaranteed to do just what is claimed for them and the dealer whose name is attached here with will be glad to tell you more of them. Sold at J. E. Jones' Drug Store.

Foot Ball.

Kansas vs. Missouri. Thanksgiving day at Kansas City. You can see all the game and still reach home at an early hour in the evening by availing yourself of the cheap rates and convenient train service of the Union Pacific. Fast train leaves Kansas City at 7:30 p. m., reaches Topeka 9:40 p. m. Fare will be \$2.00 for round trip.
